

# The International Workshop on Smart Information Technology (SmartIT 2024)

Welcome to the International Workshop on Smart Information Technology (SmartIT 2024). The goal of the workshop is to be a premier venue for researchers and industry practitioners to share new ideas, research results and their enriching experiences on multidisciplinary information technology fields related to sensor-based technologies, cyber-physical systems, edge computing, big data analytics, machine learning, cognitive computing, cloud computing, mobile/pervasive computing, etc. It solicits authors to contribute for academic or industrial topics related to the areas. All accepted papers will be included in the conference proceedings. In addition, SmartIT 2024 features a special publication model for authors to extend their research works to high quality journals after the conference. Submitted papers will be carefully evaluated based on originality, significance, technical soundness, presentation and clarity of exposition. Selected high quality and presented papers, with more than 40% extension and revision, will be recommended to one of the SCI/SCIE/SSCI indexed journals.

## \* Submission Guidelines and Notes

This is a blind peer-reviewed workshop. Authors are invited to submit their papers in English through the workshop's submission system. Submissions must be original and should not have been published previously. Each paper should have at least 4 pages, no longer than 6 pages, including figures, tables, and references.

All papers accepted after review will be recommended to SCI/SCIE/SSCI indexed journals. Authors will be notified by email for any further instructions.

Registration fee for each accepted paper must be paid for paper presentation and its inclusion in the proceeding. The registration fee includes attendance at the workshop and co-located events for one person. Additional participant registration will be required if more than one author of each paper would like to participate in the event.

## Organization Committee for ADINTECH 2024

### ■ Honorary Chairs

Hackyoon Kim, Cheongju University, Korea

### ■ General Chairs

Jinho Ahn, Kyonggi University, Korea

### ■ Program Chairs

Insik Choi, Hannam University, Korea

Michael Hwa-Young Jeong, Kyung Hee University, Korea

### ■ Local Arrangement Chairs

Youngjae Lee, Jeonju University, Korea  
Jihoon Bae, Daegu Catholic University, Korea

### ■ Advisory Committees

Yoonsik Kwak, Korea National University of Transportation, Korea  
Yunho Kim, Mokwon University, Korea  
Daeseong Kang, Dong-A University, Korea  
Yonghwan Lee, Kumoh National Institute of Technology, Korea  
Insoo Lee, Kyungpook National University, Korea

### ■ Local Arrangement Committees

Younghyung Kim, Kumoh National Institute of Technology, Korea  
Byeonggwon Kang, Soonchunhyang University, Korea  
Sangook Moon, Mokwon University, Korea  
Cheoljung Yoo, Jeonbuk National University, Korea  
Dongwon Jeong, Kunsan National University, Korea  
Namje Park, Jeju National University, Korea  
Byungin Moon, Kyungpook National University, Korea  
Kwanhyung Lee, Daejin University, Korea  
Junhee Kwon, Kyonggi University, Korea  
Bangwon Seo, Kongju National University, Korea  
Jonghoon Cheon, Jeonnam State University, Korea  
Sung-Eon Hong, Cheongju University, Korea  
Youngjae Lee, Jeonju University, Korea

\* Organized by: Korean Institute of Information Technology (KIIT)
